

Mission:

The mission of the Center for Academic Support is to support students in the LM/RC Nursing, Radiography, and certificate programs to be successful in their academic pursuits.

Description:

The Center for Academic Support (CAS) provides academic support for all nursing, radiography and certificate students. The support includes: study skills, test taking strategies, academic tutoring, and needed educational referrals. All students have access to the Center for Academic Support during their tenure at Lawrence Memorial/Regis College.

Goals:

1. Provide a center for academic support for all students in LM/RC programs.
2. Collaborate with faculty and student services to determine students' learning needs and implement appropriate educational support services.
3. Promote student-centered learning focused on self- directed learning strategies for success.
4. Provide an academic center which respects the culturally diverse adult students' learning needs.
